Education

Bachelor of Technology in Computer Science   { Cgpa : 7.02}
Bundelkhand Institute of Engineering and Technology, Jhansi
2022 – 2026

Intermediate   { Percent : 78.4 }
Shatrughan Singh Inter College, Uttar Pradesh
2020 – 2021

Experience

- DocOnTime – Full Stack Developer (Independent Full Stack Project) [Link]

March 2025 – May 2025

- Developed a smart healthcare appointment system using Node.js, Express, MongoDB, and EJS.
- Built an AI-based Symptom Checker using OpenAI GPT-4.
- Integrated Razorpay for payments and JWT-based authentication.
- Deployed on Render with production environment configs.
- Applied modular MVC structure and Git for version control.

- WanderLust – Full Stack Developer (Independent Full Stack Project) [Link]

October 2024 – January 2025

- Built a full-stack vacation rental app using Node.js, Express, MongoDB, and EJS.
- Integrated Passport.js for user authentication.
- Used Cloudinary and Mapbox for images and location features.
- Developed CRUD listings with responsive UI using Bootstrap.
- Hosted on MongoDB Atlas and Render.
